

The Public Works Department will start its **Annual Leaf Collection November 2nd through December 14<sup>th</sup> starting with area one.** The requests listed below will make collection

more efficient and ensure that the leaf piles are not left uncollected for days.

- Do not rake leaves until after Halloween. This will remove the temptation for individuals to re-scatter the leaves or set fire to them.
- Do not put leaves in bags. Our leaf collection equipment will not handle plastic bags. Leaves that are in bags will be left behind.
- Do not rake leaves into alleyways for collection. We cannot go into alleyways with our equipment without a high risk of property damage or personal injury to our employees.
- Do not mix trash or limbs with leaves. The equipment that the town uses will not pick these items up. All items other than leaves will be separated and left uncollected.
- Leaves must be raked into a pile at the edge of the sidewalk or street, not in the street.
- Residents are asked to please comply with this request. Each year there are individuals that block sidewalks and streets with piles of leaves. This causes traffic problems and if sidewalks are blocked, kids may try to walk around these piles and into the street.
- Have your leaves raked prior to Monday of the week we are scheduled to pick-up your area. Some residents wait until we are at their neighbor's house before they begin to rake their yard. This can either slow the truck down or cause the resident to wait until the next collection date. The town drives each route ahead of the leaf truck to insure we know who has their leaves raked and who doesn't.
